

2026 PARIS SESSION

**Palais des
Congrès,
Paris, France**

AUGUST 23-28

SYNOPSES FORMAT **Please read carefully**

These instructions and the attached template give you guidelines to prepare your synopsis.

Please strictly follow these instructions and provide us with the necessary information we need to consider your Paper Proposal.

Study Committee and Preferential Subject addressed are mandatory to direct your synopsis to the right experts for reviewing.

Your email address is highly needed to keep you informed about the selection results.

Synopses format is standardised and must be A4 size, one column and line spacing 1.15. Font should be Times New Roman. Synopses should be in English and unpublished material with strictly scientific or technical contents.

No advertising or commercial names are allowed in the text. A length of 500 words minimum and two pages maximum is a good option to facilitate reviewing and selection.

A few keywords in alphabetical order, separated by commas may serve as an introduction.

The timeline for the whole Papers process can be found in the Call for Papers. See regularly our Session [website](#) for possible updates.

Thank you for your attention!
